Since the formation of the company in 2006, 3i has worked to exceed client expectations and transform vision into award-winning projects. 3i offers the broad expertise and financial stability of a mid-size General Contractor and Construction Manager while combining the personalized service and attention of a smaller firm.

The structure of our company is designed to help us communicate closely with our clients at every project phase, and enables us to act rapidly and decisively when needed. We provide the following to a wide range of industries: Design/Build; Preconstruction; Tenant Finish Out; Civil; Construction Management; Job Order Contracting Services; and Program Management Services.

We have clients in many industries. Some select examples include DART; Parkland Hospital & Health Systems; John Peter Smith Hospital; Dallas ISD; Houston ISD; Garland ISD; Fort Worth ISD; DCCCD; TCCCD; UTD; UNT and many more. Through the organization formed by the owner of 3i, the 3i Team is committed to serving communities throughout the State of Texas...Mike Williams Assist 4 Life Foundation, because a lost kid is a lost opportunity for greatness.

# WE MUST WEEP FOR *Ella!*

Ella's life was taken from her and from us on a barren street one night on the 7th of August in the city whose citizens she proudly protected. Those who knew her were enthralled by her tender spirit, and her boundless soul, having lived for only twenty-nine Years.

**T**hose who love justice and fairness must never forget Ella French! She was a brilliantly radiant Chicago Peace Officer who once rushed an infant and her mother to a hospital while praying that the child would survive a nearly fatal injury.

**E**lla's brief life was not unlike a sacred hymn, a glowing field of roses, a steady and radiant march towards goodness.

She managed to walk through life with malice towards none, and with abundant

empathy for all. Adopted when she was still a baby, Ella was immensely adored by her mother, Elizabeth, and her brother, Andrew.

**S**peaking at a memorial service for her daughter, Ms. French read from a letter that she wrote to Ella when her daughter was a baby, writing that Ella had filled her heart.

**T**hen you smiled," she read. "It was a smile that lit up my face, my home and captured my heart." | AR

## Health & Wellness

Environmentalists estimate that there are three trillion trees on earth, and that is still not enough!

# TREES!

Trees help us to conserve water.

Trees are crucial to our survival as humans, and to our wellness!! So, consider planting one in your yard or your neighborhood. They provide us with oxygen, and they enhance the soil.

Trees enhance the quality of the air we breathe, and they help us to conserve water. Environmentalists estimate that there are three trillion trees on the earth. And that is still not enough because they are

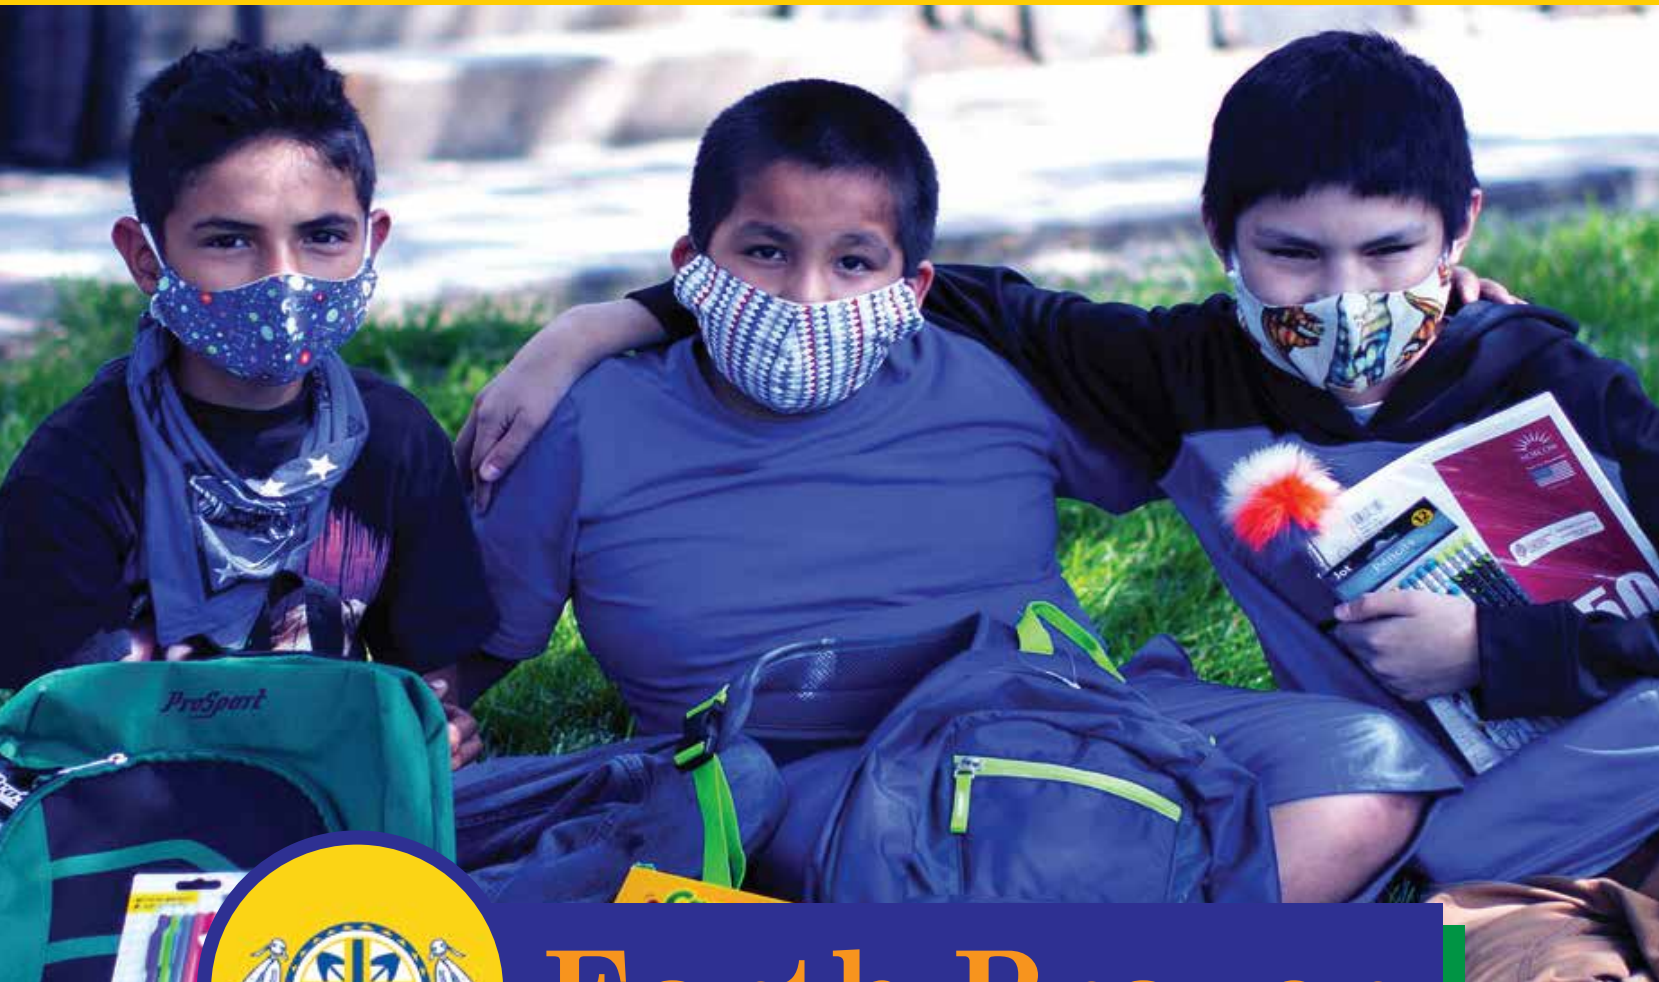

**WE NEED TO PLANT MORE THAN A BILLION NEW TREES.**

being destroyed each and every day. Trees help us, and enrich our quality of

life! Plant a tree today and plant one each month! Help save the planet and all those who call it home! AR

**SAVE THE PLANET**

# Earth Prayer

*“Grandfather! Great Spirit, once more behold me on earth and learn to hear my feeble voice. You lived first, and you are older than all need, older than all prayer. All things belong to you – the two-legged, the four legged, the wings of the air and all green things that live!”*

*— Black Elk, Holy Man of the Ogala Sioux*

# Avoid Highways and Live Longer!

*Nearly  
40,000  
motorists  
are fatally  
injured each  
year in high-  
way acci-  
dents.*

**N**early 40,000 people are killed in accidents each year on our nation's highways. Four million other motorists suffer serious injuries in non-fatal highway accidents.

Avoid highways and increase your odds of living longer. If you must travel long distances use Google Maps to plan a safer route. Take advantage of service roads!

On many of our highways people are driving at extremely high speeds while using their phones, texting their friends and smoking mind-altering substances.

*It is just not worth it! Avoid highways whenever you can, on long trips and when traveling across town! | AR*

## Four million

motorists suffer serious injuries in non-fatal highway accidents annually.

# A QUIET PLACE OF LEARNING

School children eagerly flock to the Mary Lib Saleh Eules Public Library after each school day is completed.

For many the recently remodeled facility is a special haven away from home.

Among the multitude of features in the spacious and friendly library, named for the city's first female mayor, are literacy classrooms, toys designed to enhance learning and computers.

Open seven days each week, the Eules library is recognized nationally as a "Family Place Library."

**"Family Place libraries build on the knowledge that quality health, early learning, parental involvement and supportive communities play a critical role in a child's life, growth and development,"** said Sherry Knight, the director of library services in Eules.

The library's knowledgeable and warm staff members are eager to assist people, helping them with all types of needs such as locating books, printing, computer usage and much more.

The new floor plan at the library includes a room for teenagers, reading areas, meeting rooms, a conference room and a number of study areas that can be reserved.

**"We accommodate approximately**

# 10,000

**people per month at the library,"** Ms. Knight said.

"As library professionals we are extremely passionate about our mission and our opportunity to serve," she added. |AR

# Wedding Bliss at

# 95!

**T**he bride and the groom were born in the same year, 1926. “I hope I make it to one hundred,” said Joy Morrow-Nulton. “That will give us five years together!” “I

found her to be cute and very smart,” said John Shults who asked his bride more than once to marry him. A spring 2001 wedding set both of their hearts ablaze, and brought great joy and tears to their friends and family members. “No one starts life at 95,” the radiant bride said. “But we did.”

*“I hope I make it to one hundred.”*

The bride

**A**rise & Rejoice is a publication that reflects the goodness and grace that abounds within all people. It seeks to bring all of us closer together, promoting understanding and reconciliation.

Arise & Rejoice believes in the development of a community of "we" where no one is seen as "the other" and where all people are acknowledged and respected!

# Suni Lee

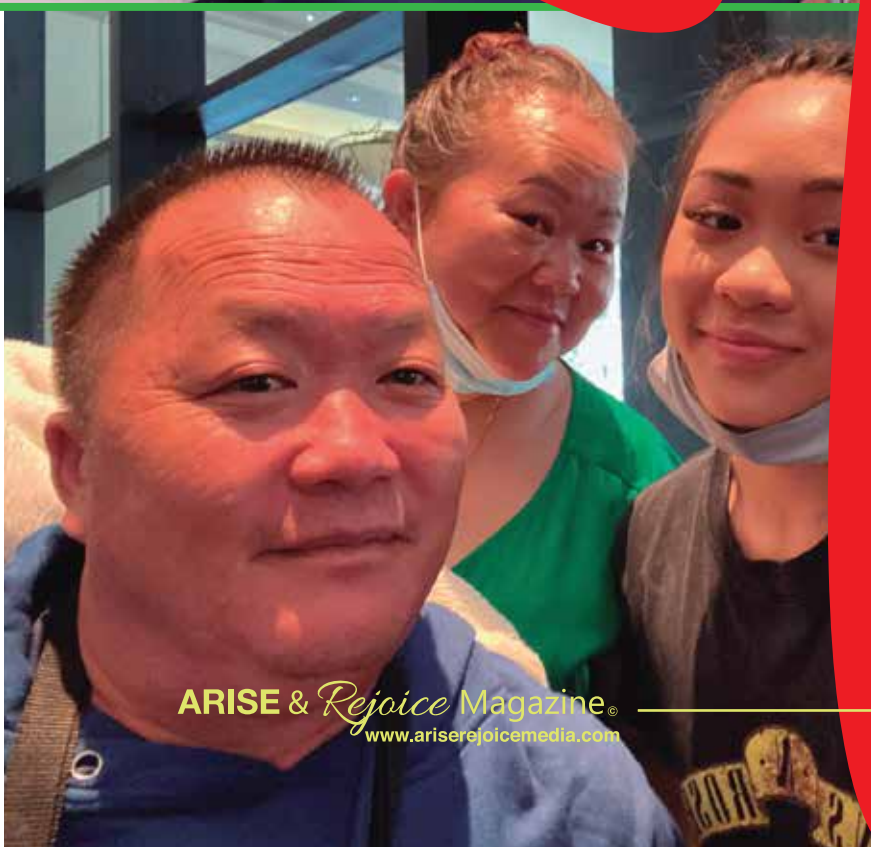

**T**he Olympic gold medal winner in all-around women's gymnastics, Suni Lee, has her own champion!

Her father, John, built his young daughter a balance beam from a piece of lumber when she was seven-years-old because the family could not afford to purchase one.

**N**ow Suni, at eighteen-years of age, is one of the world's most accomplished gymnasts, winning a total of three medals at the Tokyo Olympics.

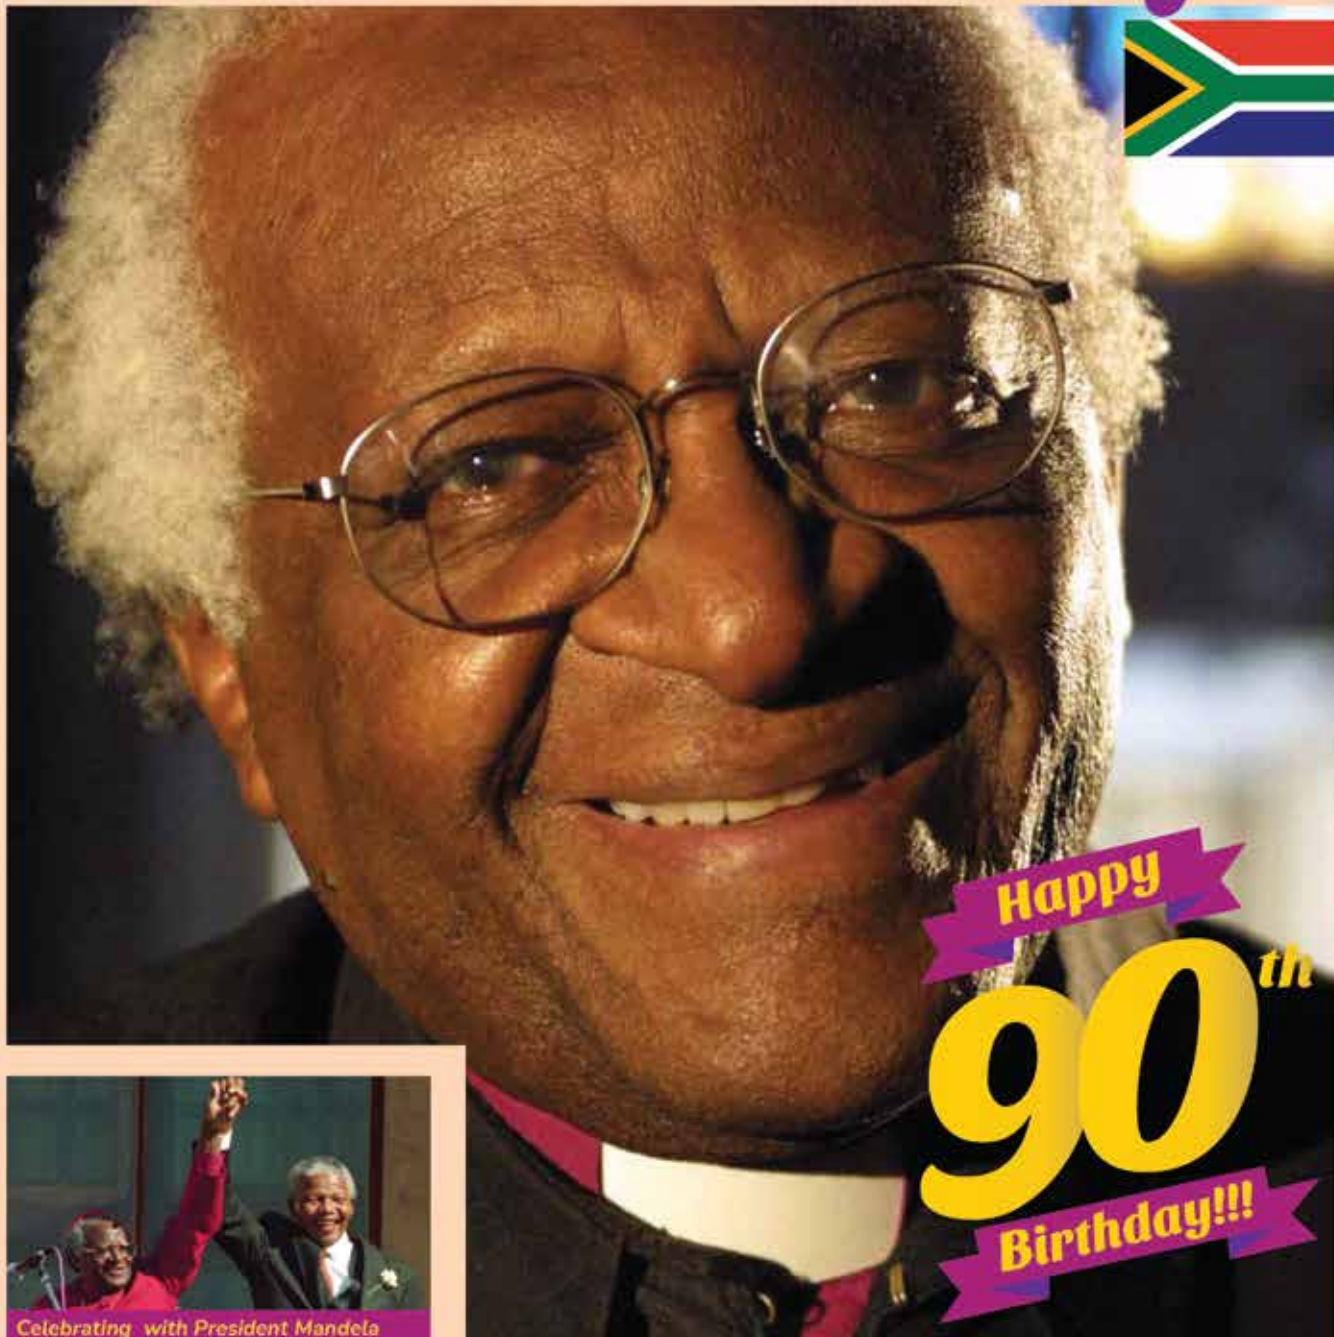

She is grateful to her father who encouraged her to become the world's best.

**T**wo champions live in their Minneapolis home!|AR

# A Global Visionary

Celebrating with President Mandela

Blessing Harry, Megan and Archie

“Isn't it wonderful that we come into this world programmed to love! To be compassionate, to care for the rights of others!” — **Archbishop Desmond Tutu**

Archbishop Tutu celebrated his 90th birthday on October 7th in Cape Town.

Inspired by Father Huddleston

*Thank you very much*
